Identify the manipulation pattern

PATTERN SUMMARY

Pattern	Description	Implication
PARTIAL DOWN	Swept ONLY Asia Low	64% NY reverses UP (bullish)
PARTIAL UP	Swept ONLY Asia High	64% NY reverses DOWN (bearish)
LONDON ENGULFS	Swept BOTH levels	Volatile day - use caution
ASIA INSIDE	Swept NEITHER level	No manipulation = skip

09:30 Entry Decision Logic

KEY INSIGHT: Position signal OVERRIDES manipulation. NY goes where it opens relative to London Mid regardless of what London did. Manipulation shows which setup is cleanest.
